Welcome to the Course.

Hello and welcome to ENGL 1102. My name is Dr. LaFace, and I am your instructor.

This uses two online systems--GaVIEW and Pearson’s MyLitLab. Students cannot enter class (GV or MLL) until classes commence on Jan 9, 2012.

At this time if you have not completed the Getting Started checklist at Student GaVIEW Resources, please do so at http://fsweb.bainbridge.edu/gaview/students/Student%20Main.html. I am also requiring students to attend one of Dr. Pollock’s Let’s Get-Started sessions online or face-to-face workshops. Dates and times are listed at http://fsweb.bainbridge.edu/web/. The information is designed to teach you how to navigate within GeorgiaView Vista.

The Pearson MyLitLab tutorials are available at http://www.myliteraturelab.com/. Students must have MyLitLab Access code and the Instructor’s Course code LaFace378646L to register. The information is designed to teach you how to navigate within MLL. Be sure to familiarize yourself with the tools inside both online management systems.

To help you get started moving along I have provided the following tips for you.

1. Read the Syllabus and take the syllabus quiz in GaVIEW:
   Prior to beginning any course work it is important that you read your syllabus carefully. A syllabus is a valuable tool containing relevant due dates, expectations, grading break down, required materials, exam information, etc. Also, print a paper copy of the Syllabus in case you need to refer to this information offline.

2. Purchase Pearson access and passkey:
   It is essential that you begin to gather your required course materials as soon as possible. Purchase a Pearson MyLitLab passkey through the BC bookstore with financial aid or directly at http://www.mylitlab.com/_It is important to choose the Generic MyLitLab 6-month student (without Pearson eText) online for $15.00 USD.

3. Review Your GaVIEW learning module and MLL “To Do” and “Study Plan” lists:
   Read the GaVIEW Start Here Introduction Message and complete your first assignments. Post an Introduction message on the GaVIEW Discussion board for other students to respond to. The Discussion board is accessible by clicking on the Discussions Icon on the Course Menu Bar. Once you have reviewed your syllabus access your MLL course “To Do” list and calendar; note the important assignment due dates.

4. Start Your Weekly Lessons in GaVIEW and MLL:
   The weekly lesson modules in GaVIEW give you the map for navigating and the assignments are uploading final assignments in MLL for a grade each week. Always refer to the GaVIEW Overviews that contain a brief introduction to the lesson, lesson goals and objectives, and a task organizer to help you plan your study time.

5. Follow online instructions in GaVIEW Get-Started and log-in to ensure online success: check dates and times for GaVIEW Online Orientations with Dr. Pollock on the BC Homepage or link to http://fsweb.bainbridge.edu/gaview/students/onlinegvorientation.html for further information.
